American Real Estate Partners

MAKE A **BOLD** STATEMENT

By seamlessly pairing **Pop Art** that celebrates Philadelphia's character with 2021 workplace wellness standards, 1600 Market offers an office environment unlike anything else in Center City, Philadelphia. This landmark building's history and prominent location combined with the signature pop art is integrated into the light-filled redesigned lobby and throughout all of the amenity spaces—creating modern, **exciting and functional workspaces**.

Wellness is a portfolio-wide priority, which is why AREP is proud to achieve UL's Verified Healthy Building Mark and IWBI's WELL Health-Safety rating for 1600 Market Street. Alongside these commitments to support tenant's health, firm-wide protocols are in place that **focus on wellness, safety and comfort**.

BLENDING HISTORY AND ART

AREP has created a workplace that offers exciting contrasts from the moment you enter — Pop Art blended with history, generating a unique language that is fresh and provocative. **Highlighting Philadelphia's historic and current luminaries**, bespoke Pop Art is infused throughout 1600 Market Street.

The specially commissioned bright yellow 'Willy' the fox holding a red balloon sits above the reception desk in the lobby to greet visitors and is a **nod to the building's site where the old Fox Theater once stood**. The 'Portrait Invaders' and 'Philadelphia Notables' pieces featured on the ground floor and continued within the amenity center, artfully blend old and new Philly—Benjamin Franklin unknowingly in a graffiti-like selfie; Will Smith painted with intense colors sits atop a collage of old Philadelphia Enquirer newspaper covers.

WELLNESS IS IN AREP'S DNA

Better days begin in better spaces which is why our dedication to wellness remains our top priority. Our holistic approach encompasses health, security and connectivity to assure the safety and comfort for our customers as they return to the workplace with confidence and clarity.

AREP's hard work and recent investments have helped us achieve two of the most significant endorsements within our business – IWBI WELL and UL Industries. Not only is our entire portfolio WELL Health-Safety Rated, AREP is also the first commercial real estate company in the U.S. to achieve UL Industries Verified Healthy Buildings Mark for Indoor Air for its entire portfolio. This commitment provides our customers and their guests spaces that promote their physical and mental well-being while encouraging and enhancing productivity.

HIGHEST STANDARDS OF INDOOR AIR QUALITY

Our IAQ protocols include using MERV 13 filters, electrostatic cleaning, UV light and negative ion technology air purifiers in elevator cabs, and maximizing outside air exchanges by increasing fresh air intake settings from 20% to 40% when weather permits. Our HVAC coil cleaning and sanitizing procedure now includes the use of a 70% alcohol disinfecting solution.

INCREASED FREQUENCY OF CLEANING & DISINFECTING OF COMMON AREAS

particularly frequently touched surfaces like building entry door handles, restroom fixtures, water fountains, elevator call buttons, railings, and suite entry doors. Additionally, touch-less hand sanitizer stations have been placed throughout all common areas portfolio-wide.

ONGOING CLEANING & DISINFECTING

WITHIN TENANT SUITES including break room countertops and cabinet handles, microwave control pads and handles, refrigerator control pads and handles, copier control pads, conference room tables, and non-porous conference room seating.

PROTECTING OUR TEAMS & OUR TENANTS by following the CDC and local jurisdiction guidelines on personal protective equipment (PPE) use. Our property teams continue to keep tenants updated on their specific building policies.
